Chairman's Message

By Brian Merdian, Chairman, Board of Supervisors

Wow, how quickly time passes! It is hard to believe that 2016 is now behind us and that we are into 2017 already. The year 2016 was a year of much change and improvement within the township, and I personally am looking forward to continuing that momentum all the way through 2017 and well beyond. So, with that being said, let me take a moment and update everyone on several topics regarding entities within the township where I am currently very active.

We have recently completed a full audit of the township's financials via the use of a certified public accountant, Horner, Wible & Terek. The results of this audit mandated that the township update its accounting practices and modernize our accounting software. By switching to the use of Microsoft QuickBooks we now can track both revenues and expenses in real-time and are also able to record all budget related activity in a way that is preferred by the Commonwealth of PA.

We have also started to devote a lot of time and effort to getting the township into compliance with the newly unfunded mandate of the PA DEP's MS4 program. This program is requiring all municipalities to achieve and maintain compliance with all rules and regulations associated with stormwater handling and disbursement. This includes periodic testing of all stormwater outfalls within the township to make sure our stormwater is not contaminated when it is being discharged.

The Township Road Department also has been busy. In addition to general repairs and resurfacing work, time has also been spent repairing and reopening roads that have been closed for an extended period of time. The Township also purchased a street sweeper and a utility bucket truck to replace the previous one.

Finally, I would like to welcome our new ordinance officer, Bill Hause, to the township office. We are looking forward to him continuing to make sure all citizens of the township are following the rules and regulations that we have put in place to assure our community is as clean and safe as possible.

Thank you for giving me the honor and privilege of being able to serve our community over the past year. I am looking forward to continued and expanded successes going forward.

Board Of Supervisors

Brian Merdian, Chairman
Joe Kerber, Vice Chairman

Sewickley Township Parks & Recreation

Crabapple Pool

2016 ended with another safe and successful season! Safety ALWAYS being our number one priority. We had a beautiful, hot summer with minimal rain!

The 2017 season will bring change to Crabapple Pool. Individual season passes will be replacing the family season pass offered last year. The Township Supervisors approved 2017 rules and rates. The rules and rates, along with applications and other information, will be posted on our website March 1st.

Crabapple pool will be seeking an Assistant Manager, Certified Lifeguards, and Concession Stand Workers for the 2017 season. All applicants must be at least 15 years old to apply for a certified lifeguard or concession stand position. Anyone interested please email: recdirector@sewickleytownship.org or call 724-835-1087 for additional information.

Please note: anyone needing lifeguard certification please contact McKeesport High School or the Greensburg YMCA. (Lifeguard certification classes are usually scheduled for early Spring. Registration is required).

Please make your reservations early for splash parties, birthday parties, and pavilion rentals. Dates will fill quickly! Please see the back of this newsletter for a valuable coupon.

Crabapple Lake Park Pavilion Rental:

Have Your Next Class Reunion, Graduation Party, or Family Picnic at Beautiful Crabapple Lake Park Pavilion!

Weekend Rates start at \$125

12 Tables, Water, Electric, Restrooms, Parking, Kitchen Attached

Parks & Recreation Office:

Yoga/Fitness Studio

Our newly renovated yoga/fitness studio is found on the first floor of the recreation center. Thank you to Larry Lint Flooring for discounting the carpet, and Don Bixby and Todd Miller for installing the heaters.

- * Monday: Yoga 6p-7p
- * Tuesday: Cardio Fit/Pilates 9a-10a
- * Tuesday: Body Sculpt/Abs 6p-6:45p
- * Wednesday: Yoga Fit 6:30p-7:30p
- * Thursday: Ball Workout 5:30p-6:15
- * Thursday: Yoga Lean 6:30p-7:30p
- * Friday: Cardio/Intervals/Pilates 9a-10a
- * Saturday: Body Fit 11a-12p
- * Weather Permitting - Saturday Crabapple Park Boot Camp

For more information, please call the recreation center or the instructor at 724-205-9663.

Do you have a class you would like to teach? Martial Arts? Fitness? Dance? Our new fitness studio can hold up to 14 participants. Call the recreation center for more information.

2017 Upcoming Events:

- * Easter Egg Hunt, April 15
- * Rabies Clinic—May (date TBD)

Thank you to the Recreation Board (Wayne & Lori Jones, Tracy Hampshire, Barb Mignogna, Patty Vanyo) for their dedication and commitment to the community!

Playground of Our Dreams

It all started as a dream two years ago and now it is a reality. Mrs. Klobucar and Mr. Wagner, teachers at H.W. Good

Elementary in the Yough School District, brought the idea to the principal, Dr. Larcinese.

They wanted to start an initiative to design a new playground that was safe and handicap accessible for all students. A playground committee was formed that consisted of teachers, parents, community members, business leaders and Sewickley Twp Supervisor, Alan Fossi and previous township supervisor, Wanda Layman. After two years of extensive fundraising and seeking out donations, almost \$31,000 was raised. The playground committee met with State Senator Ward and State Representative Harhai and they referenced the group to many state grant opportunities. A special partnership was formed between Yough School District and Sewickley Township to write a \$60,000 PA Greenways Grant, which we were fortunate enough to receive in July of 2016. Ground breaking on the new playground began in November, 2016. After three weeks the playground was complete. The students are excited to have the new structure and be able to interact with all students, regardless of ability. We are so excited to have this opportunity for our students of the Yough School District and the residents of Sewickley Township. As John Lennon said, "A dream you dream alone is only a dream. A dream you dream together is reality." Without the effort of so many people, this project would not have been possible. Thanks to everyone who made our dream come true!

Town Square

The intersection of Sewickley Avenue and Pike Street has been an eyesore for close to a decade. No longer — thanks to the Westmoreland County Land Bank and Sewickley Township, the dilapidated green house has been demolished. The Herminie Boy Scout Troop 259 and Sewickley Township partnered to create a lovely, peaceful area for residents to enjoy.

A grant received through "Keep PA Beautiful" Community Greening Initiative and donations have allowed the township to put in a stone patio at the center of the property. Additionally, the scouts and volunteers installed a flagpole and solar light. Park benches were purchased and donated by: Jon Turik Electric, Rostraver West Newton Emergency Services, Sewickley Township Community Ambulance Service, Alan Fossi, Ted Harhai, and Basic Carbide.

Thank you to Bill Bush, Bush Landscaping, Troop 259, bench donors, and all of the volunteers that helped with this project.

From left: Mike Stangroom, Ted Harhai, Alan Fossi, Mike Schork, Donna Goodrum, Bill Bush, Jen Sampson, Alex Schork, Frank Fraicola, Josh Hodgekiss, and April Kopas (absent from the picture, Jon Turik

Sewickley Area Business and Civic Association

By Lori Jones – President, Sewickley Area Business and Civic Association (SABCA)

As President of the Sewickley Area Business and Civic Association, it has been my pleasure, along with my fellow board members, to help bring some exciting activities into Sewickley Township. If you have driven by Bruno Field recently you will see a fresh new look to the field, fences and bleachers. This is all thanks to the work of those same hard working board members, and also because of materials provided by the Sewickley Township Supervisors.

In 2016, the Association sponsored or assisted in the following activities: Fishing Derby at Crabapple Lake, Community Days at Bruno Field, the Car, Bike and Craft Show held on Sewickley Avenue, a Ghost Walk through Herminie and finally the Festive Women's Gala and Craft Show.

This year we will be working on conducting more repairs to Bruno Field as well as the baseball fields. We are always looking for volunteers to assist in these projects. Tracy Hampshire and Barb Mignogna are Co-Chairwomen for Community Days at Bruno Field to be held on August 5th. Come and visit with your neighbors and enjoy the food and fun, live entertainment, craft vendors, food trucks and more.

On September 23rd, Lori Jones, Sondra and Bill Dull will co-chair, along with the Herminie Volunteer Fire Company, the Car, Bike and Craft Show to be held on Sewickley Avenue. Again this

year, there will be live entertainment, craft vendors, food trucks, dash plaques and trophies for the best Car and Bike. We are also including a category for trucks this year. Registrants will be given a free breakfast to start off the day.

Dr. Linda Harvey and Sondra Dull will co-chair on October 27th the Ghost Walk through Herminie. If you live in Herminie and could be on the walking route and believe you have a ghost, contact Sandra and Linda; we like to add new places. Come join us and walk with the spirits that inhabit Herminie, if you dare.

On November 5th Chris Reuss will chair the Festive Women's Gala and Craft Show at the Slovenian Ballroom upper level. If you would like to be a vendor, contact Chris at 724-309-4322. Come and shop for the holidays. The Business and Civic Association also sponsors the Top 20 student luncheon for Yough High School Seniors each year as well as a scholarship for the student that has the winning essay. If you would like to sponsor either of these events please contact me at 724-835-1122.

It is Sewickley Area Business and Civic Association's goal to bring back the vitality that this community had in the past. Any suggestions that you have are welcome. The SABCA meetings are held the second Thursday each month at 6:30 PM at the Central Theater Cabaret. Our goal: to let people know that there is a renewed spirit within the community. For more information call Lori Jones at 724-835-1122 or stop in to the Central Theater Wine Shop on Sewickley Avenue.

Sewickley Township Community Development Corporation

New to the township in 2016 was the creation of the Sewickley Township Community Development Corporation (STCDC) which is an entity specifically created to begin the process of revitalizing, reinvigorating and renewing the township.

One of the first orders of business that the new STCDC undertook was to conduct meetings with the Pennsylvania DCED and DCNR to make them aware of the new interest and efforts underway to bring improvements to Sewickley Township. In addition to making these introductions to the governmental entities which can assist us with our plans to revitalize the township, the STCDC will be looking for donations from businesses and residents, both in monetary and volunteer ways, to strengthen our efforts to achieve our goals of expanding community development and living conditions within our township.

The STCDC has already brought opportunities to the attention of the Recreation Board and Sewage Authority for ways that both of those entities can improve and expand their assets going forward. As 2017 begins, the STCDC will be focusing on projects and opportunities to begin planning for the clean-up and future revitalization of the business districts within the township. Anyone who is interested in volunteering with the STCDC or willing to share ideas and suggestions on how we can revitalize, invigorate and renew our community is asked to send an e-mail with their suggestions to STCDC@gmail.com

Sewickley Township Emergency Medical Services

Sewickley Township EMS had a very productive past year. The station located on 2 Medic Street, HERMINIE, had a considerable amount of inside remodeling performed. The lounge area received a new floor, walls, and ceiling. Painting of the living interior quarters was completed. Four new metal doors were installed by the crew from Shuster's Building Components. **Thank You**, Shuster's Building Components, for providing the financial support for the much needed doors. All remodeling was completed by personnel from Sewickley Township EMS. Sewickley Township EMS obtained a STATE grant and purchased a new hydraulic stretcher for patient movement. This coming year, plans to remodel the outside of the building will be discussed. A replacement ambulance for the 2003 unit has just been purchased and activated into our fleet.

Operationally, Sewickley Township EMS has again responded to over 2500 requests for service. The requests were for emergency and non-emergency responses as well as routine transports based on needs and approved by insurance groups.

The **overdose epidemic** has unfortunately involved township residents. The victims are cared for with NARCAN, the drug that has been used by EMS units nationwide. Some of the frustration that has developed is not being able to get to the overdosed victims to administer NARCAN in a timely manner. Other reasons of concern are when multiple overdose patients are in need of treatment at the same time because of the abundance of the laced drugs. There are times when taking care of an overdose incident interferes or delays in providing care to civilians with other emergency issues such as cardiac and respiratory problems. Nevertheless, we will obviously continue to provide service and care to all patients as promptly as possible. When necessary, there will be other medical services that will respond to provide pre-hospital care so all those who need EMS will be covered.

Remember citizens of Sewickley Township, **DIAL 911 for an emergency service**. To schedule your non-emergency transports, please call (724) 446-7951. For membership information or billing questions, call (724) 929-9116.

Stop in and meet the staff of Sewickley Township EMS and have your blood pressure checked between the hours of 8 AM – 8 PM, any day of the week. There are speaker presentations available for your organization if needed.

Call (724) 446-3071 to schedule a speaker or an ambulance to cover your special event.

Sewickley Township Emergency Management

Sewickley Township Emergency Management uses a notification service called **Nixle** to improve communication with those who live, work, and visit our area. The system provides a quick, efficient, and secure way to get neighborhood-level information out to our community members who subscribe to the system. The department will be able to send text message and email alerts to subscribers in our area. Notifications might be considered in the following instances:

A young child or adult with Alzheimer's disease walks away from their home. The **Nixle** alert can include a picture of the child or adult with a map identifying the area in which they were last seen.

A public safety emergency requires people to stay in or remain away from their homes. A **Nixle** message can let residents with a registered address in the affected area know what is happening, allowing residents to take a proactive role in their own safety.

A serious injury or fatal crash in which traffic investigators close down the intersection for several hours during the morning commute. This situation might warrant a notification to subscribers who live or work in the area to select an alternative route.

Other use cases: Large-scale public works projects, Traffic mitigation, Community events such as parades, picnics or fundraisers, Utility outages Boil water orders.

Through **Nixle**, we will deliver messages securely to citizens by email and text message, supporting and expanding our community outreach efforts.

The system will be most effective when we gain a large number of citizen subscribers. Please spread the word about our use of **Nixle** and add this information to the bottom of your email signature: "Up to the minute updates from city agencies by email and cell phone.

Sign up at www.nixle.com"

*****Nixle Sign up instructions are on page 10*****

Nixle is a secure communications service available to municipal, county and state government agencies. The system is available at no cost to our citizens (standard messaging rates apply)

Understanding the MS4 Program

There is no doubt about it – storm water management in Pennsylvania is a multi-layered, multi-jurisdictional, ever-changing quagmire of rules, regulations and requirements. Township residents are often angered by the need to have the sewer lateral tested prior to the sale of property or the stringent storm water controls required for construction. It is hoped that this article will help residents understand why these requirements are in place. As you will see, these requirements are mandated by Federal and State laws.

What is the MS4 Program?

Untreated or uncontrolled storm water runoff is the number one cause of impairment in our local waterways. Polluted runoff is often transported through municipal drainage systems until it eventually discharges into streams, lakes, and rivers untreated. An MS4, or Municipal Separate Storm Sewer System, is comprised of drainage systems including streets, catch basins, curbs, gutters, ponds, ditches, man-made channels and storm pipes owned by a state, county, city, town, township, borough or other public entity. The National Pollutant Discharge Elimination System (NPDES) Storm Water Phase II regulations require a permit for storm water discharges from MS4s, mainly those located in urbanized areas. Therefore, most townships and boroughs, including Sewickley Township, are required to comply with the MS4 Program.

MS4 Programs are intended to improve our nation's surface waters by reducing the quantities of pollutants that are picked up by runoff and transported into the storm sewer systems during rainfall events. As part of the MS4 Program, municipalities must obtain a permit to discharge storm water into local waterways. This permit requires the municipalities to implement and maintain a storm water management program that (1) reduces the discharge of pollutants to the maximum extent possible; (2) protects water quality; and (3) satisfies the water quality requirements of the Federal Clean Water Act. In Pennsylvania, the MS4 program is administered by the Department of Environmental Protection (DEP).

The MS4 program has six elements termed "minimum control measures" that when implemented should result in significant reduction in pollutants discharged into receiving waters. The six minimum control measures and the actions required include the following:

1. **Public Education and Outreach** - Distribute educational materials and conduct outreach to inform citizens about the impacts that storm water runoff has on water quality.
2. **Public Participation/Involvement** - Provide opportunities for citizens to participate in the storm water management program or other programs which improve water quality.
3. **Illicit Discharge Detection and Elimination** - Develop and implement a plan to detect and eliminate non storm water discharges into the storm water system.
4. **Construction Site Runoff Control** - Develop, implement and enforce an erosion and sediment control program for construction site activities that disturb one acre or greater.
5. **Post-Construction Runoff Control** - Develop, implement and enforce a program to address discharges of post-construction storm water runoff from new development or redevelopment areas.
6. **Pollution Prevention/Good Housekeeping** - Develop and implement a program that reduces or prevents pollutant runoff from municipal operations.

What can we do to help keep waterways clean?

There are numerous things we can all do on a daily basis to keep pollution out of our waterways. The following are just a few things we can all do to help improve water quality in our streams, rivers and lakes:

1. Never dump anything into storm drains, swales, or streams.
2. Pick up litter from the street before it gets into storm drains.
3. Use limited amounts of fertilizer.
4. If you must use pesticides, search for an environment-friendly brand.
5. Recycle motor oil, paint, and other hazardous chemicals. Never dump such materials down the drain or into the storm system.
6. Recycle glass, plastic, and aluminum.
7. Always pick up your pet's waste or harmful bacteria can get into our water.

(continued on pg 7)

Storm Water (continued page 6)

All municipalities should be committed to improving water quality through better management of storm water runoff. Every resident can participate in their municipal storm water program by reducing or preventing pollutant runoff from their own property and by reporting any non-storm water discharges into the Township's drainage system.

What types of connections are prohibited?

The following connections are strictly prohibited:

- Any drainage pipe, channel or ditch, whether on the surface or subsurface, which allows non-storm water discharge, including sewage, process wastewater, and wash water, to enter the storm sewer system, and any connections to the storm drain system from indoor drains and sinks.
- Roof Drains - Roof drains shall not be connected to streets, sanitary or storm sewers or roadside ditches, except when it is more advantageous to connect directly to streets or storm sewers. Connection of roof drains to street or roadside ditches may be permitted on a case-by-case basis. Roof drains shall discharge to infiltration areas or vegetative BMPs (Best Management Practices) to the maximum extent practical. This will help to promote groundwater recharge and reduce runoff.
- Waste disposal prohibitions – It is illegal to dispose of or leave any refuse, rubbish, garbage, litter, or other discarded materials in any public or private property, driveway, parking area, street, alley, sidewalk or other component of the Township's storm sewer system so that such materials may cause or contribute to pollution. Garbage deposited in streets in proper waste receptacles for the purposes of routine collection is exempted from this prohibition.
- Any drain or pipe connected to the municipality's storm sewer system from a commercial or industrial land use which has not been documented in plans, maps, or equivalent records, and approved by the municipality.

Please continue to read future newsletter articles on the MS4 program as the educational phase continues.

Sewickley Township Public Library

Fit Kids Factory — Family Night

Friday, April 7th, 6PM

Coach Laura and her team from Fit Kids Factory will be there to get you hopping & jumping, movin' & groovin' with some super fun games and activities! Suitable for all ages. Registration is required.

Story Time

Every Wednesday at 1PM

Join us for stories, games, crafts, finger plays and more! 0-5 years- all welcome! No registration necessary.

A Visit with Coach Laura of Fit Kids Factory ,

Wednesday, April 5th, 1PM

March Story Time themes:

- Bugs
- Hats
- St. Patrick's Day
- Springtime

Coloring Club

Every Tuesday from 6-7PM

Want to see what the coloring craze is all about?

Looking for something to do with family

members? Do you have a resolution to take more

time for yourself? Come enjoy a relaxing evening!

We'll provide the markers, crayons, colored pencils & coloring pages or bring your own! All ages!

Information:

Focus on Sewickley Township Ordinance ... Fire Prevention and Fire Protection

- * Prohibited: burning garbage, noxious or offensive materials of any kind
- * Hours and Days of Burning are only between the hours of 6:00am and 6:00pm on Wednesday and Saturday
- * Exceptions: Interior of a building (stove, furnace, fire place, incinerator); outdoor cooking devices (BBQ pit, grill)

Westmoreland County Comprehensive Plan

Westmoreland County has embarked on developing its new county-wide Comprehensive Plan. The main goal of the plan is to develop long-term strategies for land use, transportation, housing, economic development, agriculture, recreation, etc. to ensure that county policies, goals, and action steps are aligned with its' residents. The county is in the community outreach phase of updating their comprehensive plan and need the residents help.

Visit the following sites to become involved:

On YouTube there is a brief video framing the issues facing the county at: [Reimagining Our Westmoreland YouTube Video](#)

Municipal Sewage Authority of the Township of Sewickley

MSATS has once again concluded a successful and financially solvent year. Because of these facts, MSATS has been able to pay-off the loan on its office building in Herminie and has also welcomed a new tenant into this building. In addition to housing the office of Linda Harvey, Tax Collector, it is also now the home of Sewickley Township Emergency Management. MSATS is very pleased to be able to provide such centralized office space for these important people within our community. MSATS is also in the process of finalizing a plan to expand public sewage service into the Village of Hutchinson.

There will be more updates on this project as permit and funding approvals are received. For now, and if everything stays on schedule, we hope to be breaking ground on this project before the end of 2017.

Boards & Commissions Monthly Meetings:

- Sewickley Township Board of Supervisors meet the third Wednesday of every month at 7pm. Meetings are held at the Sewickley Township Municipal Building on Mars Hill Road.
- Planning Commission: second Tuesday of every month, 7:30pm
- Recreation Board: first Tuesday of every month, 7:00pm, Recreation Center
- Cultural Commission: first Thursday of every month, 6:30pm
- Zoning Board: fourth Wednesday of every month, 7:00pm
- Crime Watch: third Thursday of every month,
- Lions Club: fourth Wednesday of every month, Library
- Municipal Sewage Authority of Sewickley Township, third Tuesday of every month, 7:00pm, MSATS Building, Herminie

Township Tax Changes for 2017

The Sewickley Township Board of Supervisors adopted the Final 2017 Budget at their December 21, 2016 meeting.

The previous Street Light Assessment was abolished and the 2017 Tax Rates for Sewickley Township are as follows:

11.25 mils	Real Estate
2 mils	Emergency Management Services
1 mil	Street Light/Fire Hydrant (.75 Street Lights / .25 Fire Hydrants)

To view the adopted 2017 Budget, please visit our website at www.sewickleytownship.org

Emergency Information:

Remember citizens of Sewickley Township, **DIAL 911 for an emergency service.**

To schedule your **non-emergency** transports, please call (724) 446-7951.

For membership information or billing questions, call (724) 929-9116.

Waste Management Garbage Collection

The Sewickley Township Supervisors approved a three-year refuse hauling contract with Waste Management, Inc. beginning January 1, 2017. The supervisors awarded Waste Management the contract over Advanced Disposal Services, based on a system that allocated points to the low bidder in various categories – residential, senior citizens, seniors disposing of trash in Waste Management garbage bags, two cubic-yard containers and four-yard containers.

Fee Schedule:

Resident:..... \$17.58/month

Senior Citizen:..... \$15.82/month

Senior Citizen

Garbage Bag Program.... \$3.65/per bag

Garbage pickup is mandatory for residential property owners and commercial businesses in Sewickley Township. Every homeowner must have an account with Waste Management. Bills from Waste Management are mailed out quarterly.

Recycling Services

- Single-Stream Recycling is available. The recycling bin is located at the back of the Sewickley Township Municipal Office Parking lot located at 2288 Mars Hill Road.

Attention from the Public Works Department

Do Not Park your vehicles on the road when snow is predicted.

Do not throw snow back on the road after it is plowed and salted

Notice To Residents

Please be advised that Sewickley Township has entered into a service agreement with the Sutersville Borough Fire Department to provide coverage in the Sutersville/Gratztown areas of Sewickley Township.

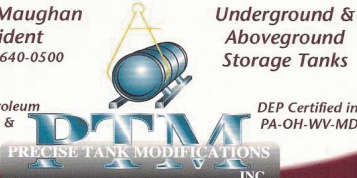

Based on this agreement now being in place, we encourage residents in these areas to notify their homeowner's insurance broker of this change.

If you have any questions please contact Sewickley Township at 724-446-7202.
